ABOUT FPRJC!

FPRJC inspires and develops a generation of grassroots women to have a voice and ignite feminist leadership action for gender transformative change. We exist for the realization of a society free from all forms of gender-based discrimination, where every individual, regardless of their gender, age and identity can thrive and reach their full potential. Through advocacy and capacity building, we support communities to establish deep commitment to the promotion of human rights and the fight against inequalities and discrimination. We are the voice of the vulnerable and marginalized women, girls and other groups of different gender identities. We achieve this through our thematic areas on Women's health right and well-being, Women's Leadership & Governance and Women Climate Action and Livelihoods Development.

Background

The Feminist for Peace, Rights and Justice Centre (FPRJC) is implementing the Feminist Action for Community-Led Governance Project.

The project seeks to strengthen meaningful engagement and transformative action by increasing women's and youth's participation in governance, public decision-making, and accountability processes at the grassroots level.

Recognizing that sustainable civic engagement requires permanent community structures, the project aims to support local Community-Based Organizations (CBOs) to establish and institutionalize Civic Forums as structured platforms for community dialogue, collective action, public participation, and policy advocacy.

These forums will provide safe and inclusive spaces where young people, women and marginalized communities can regularly identify governance priorities, engage duty-bearers, monitor public service delivery, participate in county planning and budgeting processes, and strengthen community accountability.

To support this process, FPRJC seeks an experienced facilitator to conduct a **two-day practical capacity strengthening workshop** for selected CBOs in Kibera.
